

SILEXA

POUR MY WINE

IT'S OK TO BE SELF SERVING.

A CUTTING-EDGE WINE DISPENSER

SILEXA PourMyWine is a new trend in gastronomy and retail: a modular wine dispensing system from the air-conditioned cabinet. A perfect showcase for the bottled wines and a convincing pleasure experience from the first to the last sip, even if weeks lie in between, are guaranteed.

- + PourMyWine 9" touch-screen
- + simple operation via RFID card, QR code or smartphone app
- + accurate billing that allows guest to pre purchase an amount or open a tab and pay for what they pour
- + increased advertising effect
- + long storage life for weeks due to protective atmosphere
- + temperature sensor-controlled automatic climate control
- + can be extended as desired
- + dimmable LED illumination

STATE OF THE ART WINE DISPENSING

SILEXA PourMyWine is the perfect solution if you rely on innovative technology and impressive design. Use the system as a mobile solution in a built-in cupboard or permanently installed in your premises. Ideal for tasting wines of the day or as a self-service solution for your guests. Simply versatile - just like the wine.
