

SILEXA MULTITAP

DIVERSE & HYGIENIC.

STYLISH MULTI-TALENT

The SILEXA Multi-Tap dispenses up to 4 products. You can dispense milk, cold brew coffee, iced tea, juices, syrups, spirits, wines, even sauces. The Multi-Tap is especially popular with Barista's. Accurately portioned milk comes directly from the cooling system and provides a consistent mix every time. This automation allows you to service more guests during peak times. The integrated flushing system ensures that the dispense heads are cleaned after every use and there is no cross contamination.

- + 2,8" touch-screen
- + up to 8 buttons – design and background freely selectable
- + PWM control – PTO speed adjustable on the touch-screen
- + own logo on the front foil possible
